

Quality Policy

The Top Management of Valimet, Inc. recognizes that the disciplines of quality, health and safety and environmental management are an integral part of its management function. The Organization views these as a primary responsibility and to be the key to good business in adopting appropriate Quality standards.

It is the policy of Valimet, Inc. to deliver specification compliant products to our Customers on time. We promote a professional atmosphere of continuous improvement and always strive to do better. We know and believe that the Customer comes first, and support them through employee empowerment and continuous improvement.

Our Quality Management System ensures consistency in all phases of our operation and in the quality of our products. Top Management continues to support and provide direction to exceed this goal.

The Organization's Quality policy calls for continuous improvement in its Quality management activities and business is conducted according to the following principals:

We:

- Seek measurable improvement in our products and processes;
- Comply with all applicable State and Federal laws and regulations;
- Follow a concept of continuous improvement and make best use of our management resources in all Quality matters;
- Communicate our Quality objectives and our performance against these objectives throughout the Organization and to interested parties;
- Take due care to ensure that activities are safe for employees, associates and subcontractors and others who come into contact with our work;
- Work closely with our Customers and suppliers to establish the highest Quality standards;
- Adopt a forward-looking view on future business decisions that may have Quality impacts;
- Train our staff in the needs and responsibilities of Quality management.
